CAREER OBJECTIVE

Motivated and solution-driven aspiring Full Stack Developer with strong problem-solving abilities and a solid understanding of Object-Oriented Programming principles. Eager to build robust, scalable applications by leveraging front-end and back-end technologies, while continuously learning and contributing to high-impact software projects.

EDUCATION

B.E. Computer Science and Engineering
- K.S.R. College of Engineering (2022 – Present)

Higher Secondary Education
- Nehru Higher Secondary School

Secondary School Education
- Nehru Higher Secondary School

SKILLS

Frontend: React.js, TypeScript, JavaScript, HTML, CSS, Tailwind CSS
Backend: Node.js, Express.js, REST APIs
Database: PostgreSQL, MongoDB
Programming Languages: Java, Python
Tools: Git, GitHub, Postman, VS Code
Concepts: Authentication (JWT), CRUD Operations
Soft Skills: Problem Solving, Teamwork, Time Management

INTERNSHIPS

Wysbryx Pvt Ltd (Present) - Fullstack *Remote October 2025*

I designed and developed scalable user interface components using React.js, Tailwind CSS, and TypeScript, while contributing to backend API development with Node.js and Express.js. Implemented secure role-based authentication, interactive dashboards, and core application features. Performed end-to-end testing, identified critical bugs, and collaborated with the team using GitHub to improve system performance and reliability.

PROJECTS

Intern Management System **Link**

◦ Developed a full-stack application to manage intern details, task assignments, and progress tracking with role-based access control. Worked as a Full Stack Developer handling both frontend and backend development. Designed responsive UI and integrated APIs for efficient data handling.

◦ Tools Used: React.js, Node.js, Express.js, PostgreSQL

Travel System **Link**

◦ Developed a web application to manage travel requests, approvals, and workflow processes efficiently. Contributed as a Full Stack Developer by building UI components and backend APIs. Ensured smooth workflow handling and user-friendly interaction.

◦ Tools Used: React.js, Typescript, Next.js, MongoDB

Employee Management System **Link**

◦ Developed an application to manage employee records, attendance, and role-based functionalities. Worked as a Full Stack Developer implementing core features, authentication, and backend APIs. Performed testing and improved system performance and reliability.

◦ Tools Used: React.js, Node.js, Express.js, PostgreSQL

CERTIFICATION

Millet Conclave : Participated as a speaker in the record millet conclave, Tamil Nadu 2023.
NCC : ‘ A’ Certificate showcasing leadership, discipline, and commitment
